

## Everything You Need for Daily Instruction!

Below are the core materials used across lessons, routines, and daily math experiences.

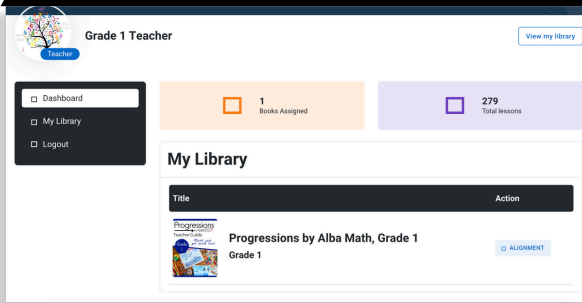

**Printed Teacher Guide**  
Central resource for teachers that contains the Learning Progressions, Lesson Plans, and Blackline Masters intended for multi-year use

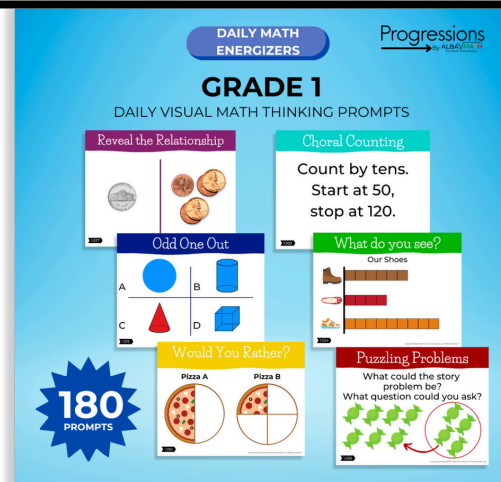

**Reusable Print Kit**  
A class set of 127 unique printed materials, such as Work Mats, Game Boards, and Task Cards, designed for multi-year use. This, along with Recording Sheets, replaces student workbooks to provide a more hands-on, engaging experience!

**Digital Access**  
One year online access to the Progressions by Alba Math Grade 1 Portal

**Daily Math Energizers**  
180 visual daily prompts to encourage creative math thinking and reinforce concepts through spaced retrieval.

## Additional Resources to Support Implementation

Below are supplemental materials that deepen engagement and expand classroom experiences.

### Book Bundle

44 engaging picture books seamlessly embedded into lessons throughout the program intended for multi-year use

*Each component serves 24 students at one time and is built for long-term classroom use.*

### Reusable Materials Kit

A class set of specialized resources and tools durably designed for multi-year use.

### Consumable Materials Kit

A class set of unique, non-standard materials designed to be used during the first year of implementation.

### Manipulative Kit

A class set of all manipulatives needed for each student to explore math concepts simultaneously and intended for multi-year use
